The Great Cough and Consumptive Remedy.

READER! have you a Cough which you are neglecting, under the idea that it is only a com-mon cold, and that it will soon wear itself out?-

soon wear itself out?

Let a friend tell you, in all kindness, what will soon be the hobable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression ucross the chest, accompanied with frequent sharp darting pains. Then a dry hacking couch will set in, and when you have cough will set in, and when you raise anything it will be a thick and yealowish, or white frothy matter, streaked, perhaps, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon cave a hectic fever, cold rapidly consumption did Its work, and hurried you In the above sketch, you may see, as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal termination. Of all the thousands and millions whom this great Destroyer has gathered to the tomb, every single case began with a cold. If this hid been attended to, all might have been well; but being negfected, under the fatal delusion that it would wear itself off, it transferred its deadly action to the substance of the lungs, exciting there the formation of tubes-cles. Another, and anothel cold added fuel to the flame, until these tubercles began to soften and supontrate, leaving by their ulceration, great caviies in the lungs. At this crisis, the disease is very lifficult to cure, and oftentimes cets at defiance at

In the latter or worst stage, this medicine will oftentimes arrest the disease, or eneck its progress and will always make the patient more comfortable and prolong his life, and it is therefore worthy of a Tallapsosa Co., Ala., Jan. 2, 1852.
